

# Break My Heart

## The Drums

(Chorus)

I'll sing it in my heart, while I wait for you

I wait for you

I'll sing it in my heart, while I wait for you

I wait for you(Bridge)

I'll sing the, melody, that you used to sing

I'll sing the, melody, that we used to sing(Verse)

Where did you go? You haven't even called

Oh, Where can I find the only one who can

Break my heart, break my heart

Break it and make it hurt

Break my heart, break my heart(Chorus)

I'll sing it in my heart, while I wait for you

I wait for you

I'll sing it in my heart, while I wait for you

I wait for you(Bridge)

I'll sing the, melody, that we used to sing

I'll sing the, melody, that you used to sing(Verse 2)

What is the point of living without you, oh, in my life

These days that feel like nights

Break my heart, break my heart

Break it and make it hurt

Break my heart, break my heart(Chorus)

I'll sing it in my heart, while I wait for you

I wait for you

I'll sing it in my heart, while I wait for you

I wait for you(Bridge)

I'll sing the, melody, that we used to sing

I'll sing the, melody, that you used to sing(Outro)

I'll be waiting here, I'll be waiting here for you
