Road

Refractory

You can say the sun is shining if you really want to
I can see the moon and it seems so clearYou can take the road that takes you to the stars now
I can take a road that'll see me through
I can take a road that'll see me throughYou can take a road that takes you to the stars now
I can take a road that'll see me through
I can take a road that'll see me through
I can take a road that'll see me through
