Yours Forever

Generationals

You're in my heart, you're in my heart
Anyone will tell you, I'll be yours forever
You're in my heart, you're in my heart
Anyone will tell you, we belong togetherIt's all you really want
And I think you know it too
You got that look in your eye
Not for a second surprisedIt's all you really want
And all I, and all I really want is you
You got a ghost in your life
Not for a second surprised, are youYou're in my heart, you're in my heart
Anyone will tell you, I'll be yours forever
You're in my heart, you're in my heart
Anyone will tell you, we belong together
