Plug

Money Man

Yeah...
None of my cars mediocre
None of my hoes mediocre
Fuck a middle man, I know the grower
We just be traffickin marijuana...
Sell you a brick for some ferigama
We got them choppas for drama drama
Just gave a stack to my Mama

I came a long way from a Honda
I came a long way from a zip
I took a 400 mile trip

I was at Cali with a 80 racks
I know my old plugs hated that
Now all my old hoes callin back

I am a plug nigga thats a fact
I went to Colorodo to the fields
I just might buy whole grow a year
I must just turn down a record deal
I just might blow my nose wit a bill

My girls body like a Goddess
I got them water diamonds like a faucet...
I am a lion nigga like Mufasa
My gas'll knock you out like a boxer

I shot a bird a the judge
They say you a bird in the club...
I'm conversatin wit the plugs
I mix yo soda wit mud
I turn my old hoes into memories
Choppa pertainin to a memory
Have you layin up at Emory
Murda, Murda what its finna be

Come and sit down with the plug
I just might show you some love
I just might front you a hundred

If you not a plug you frontin
Come and sit down with a plug
I shot a bird in the judge...
I shot a bird in the club...

Come and sit down with the plug...
Come and sit down with the plug...
I just might show you some love...

I shot a bird in the judge...
Come and sit down with the plug...
Come and sit down with the plug...

Come and sit down with the plug...

Come take a seat at the round table...
I might just front you a pound...
I just might buy you a purse baby...
I want a brick for a verse baby
I told the dealer to sell you
To deal a bust with the public...
Cant fuck with that hoe she bust it...
This shit I'm smokin so musty...
I took a trip to Seattle to check out some plants...
Balling on niggas Like Kevin durant

Hoe I'm a Boss I can make you dime...
I buy them pounds 100 at a time...
Bitches I Sell 200 for a line...
Buy me a rolley to Look at the time...

I just cant tell you no lies...

Come and sit down with the plug...
I just might show gou some love...
I just might front you a hundred
If you not a plug you frontin
Come and sit down with a plug
I shot a bird in the judge...
I shot a bird in the club...

Come and sit down with the plug...
Come and sit down with the plug...
I just might show you some love...

I shot a bird in the judge...

I shot a bird in the club...

Come and sit down with the plug...
Come and sit down with the plug...
Fuck who ain't showin me Love...
