

Bound Around (feat. Mark Patrick)

Paddy Goes To Holyhead

Our time has come
to sing you a song
join in wild and free
You've got the power
and we've got a song
it's made for you and me
this song has no moral
this song has no end
this song goes all around
we're gonna roll
oh we're gonna roll
all around the world
we're bound
Open you mind
and open your ears
listen folks to me
we'll sing for you
and we'll play for you
this little melody
goodbye to you all
farewell for a while
see you
keep cool beware
cheerio
hold on to your way
good luck
so long take care
all around the world
all around the world
all around the world
we're bound around
all around the world
all around the world
all around thr world
we are bound
