The Other Side Of This Kiss

Mindy McCready

I've got a feeling, call it intuition
I've got a feeling we're getting into something more
You've been talking telling me your secrets
Baby, that's just a crack in the doorI wanna know what's on the other side
Come on baby, now don't be shy
I wanna know what's on the other side
Of this kiss, that look
I wanna read you baby, like a book
So close, to those eyes
I wanna know what's on the other side
Of this kissI got a vision, you and me together
I got a vision, wants to turn into reality
Show me your heart, show me your emotions
Show me parts of you I can't seeI wanna know what's on the other side
Come on baby, now don't be shy
I wanna know what's on the other side
Of this kiss, that look
I wanna read you baby, like a book
So close, to those eyes
I wanna know what's on the other side
Of this kissI wanna know what's on the other side
I wanna know what's on the other side
Come on baby now don't be shy
I wanna know what's on the other side of this kissI wanna know what's on the other side of this kiss
I wanna know what's on the other side of this kiss
I wanna know what's on the other side
This kiss, that look, that look, those eyes, this kiss
