

Blueman's Daughter

The Horse Flies

I'm in love with the blueman's daughter
Color of the sky and color of the water
I'm in love with the blueman's daughter
Color of the sky and color of the water

She sells sea shells, down by the sea shore
She sells sea shells, down by the sea

I'm in love with the blueman's daughter
Color of the sky and color of the water
I'm in love with the blueman's daughter
Color of the sky and color of the waaaa-turning into the sea

Falling into the sea
Falling falling falling into the sea

Blue's mad, sister's sad feels like slipping through this hand
She's mad, so sad...she's by the sea

I'm in love with the blueman's daughter
Color of the sky and color of the water
I'm in love with the blueman's daughter
Color of the sky and color of the waaaa-falling into the sea
Falling, into the sea

Falling, falling, falling into the sea

Blue's mad, sister's sad feels like slipping through this hand

Blue's mad, knows why...she's is slipping through his fingers
