

# Something I Didn't Expect

Jon Troast

Something I Didn't Expect

Jon Troast

Well, they left my lips without thinkinâ€™

The hardest hit was my pride

If I had known you were listeninâ€™

Well, I might have told you a lie

But then somethinâ€™ I didnâ€™t expect

All at once

Well, Iâ€™m not alone â€˜cause Iâ€™m known by you

I keep my cards in my pocket

And I wear no heart on my sleeve

Well, I kept it safe and I locked it

But you climbed the gate just to see

And then somethinâ€™ I didnâ€™t expect

All at once

Well, Iâ€™m not alone â€˜cause Iâ€™m known by you

Hold on

Iâ€™m not ready yet

Well, I gotta clean it up

Before you can see it

But you tore down the veil

And itâ€™s all exposed

To be known and loved

Oh, this is freedom

Then something I didnâ€™t expect

All at once

Iâ€™m not alone â€˜cause Iâ€™m known by you
