

Runnin' Out

After 7

The day I feel in love with you
Was the day I knew my life began
And the day that I break up with you
Will be the day I know my life will end*Pre-Chorus*
You and I belong together
It gets hard, but yes it gets better
I'm not gone give up on you
So don't you dare give up on me girl
Pleeeeeease tell me how*Chorus*
I know that this ain't how my story ends
I know that we ain't running out of love
And if you think it girl, then think again
Cause baby we ain't even close to doneI hear the whispers from your friends
They say that we ain't got no chance
They say you need to leave your man
Well ain't no way that's happening
Ooh girl*Pre-Chorus*Even if it takes our love eternity
I know in the end you suppose to be with me
Hear me now, ain't no doubt
Promise you that we're not out
I'm not gone give up on you
So don't give up on me girl
Please, don't give up on me girl*Chorus*
