

# Find A Way

## Safetysuit

Hold on, what's the rush, what's the rush  
We're not done, are we?  
'Cause I don't need to change this  
Atmosphere we've made  
If you can stay one more hour  
Can you stay one more hour?  
You know I'm gonna find a way  
To let you have your way with me  
You know I'm gonna find a time  
To catch your hand and make you stay  
Hold on, I'll be here when it's  
All done, you know  
'Cause what's the point in chasing  
If I can't enjoy your face and  
We can't be wrong tonight  
Can we be wrong tonight?  
You know I'm gonna find a way  
To let you have your way with me  
You know I'm gonna find a time  
To catch your hand and make you stay  
I don't care what clothes you wear  
It's time to love and I don't care  
You know I'm gonna find a way  
To let you have your way with me  
And if I was running you'd be the one  
Who I would be running to  
And if I was crying you would be lining  
The cloud that would pull me through  
And if I was scared then I would be glad  
To tell you and walk away  
But I am not lying, I am just trying  
To find my way in to you  
You know I'm gonna find a way  
To let you have your way with me  
You know I'm gonna find a time  
To catch your hand and make you stay  
I don't care what clothes you wear  
It's time to love and I don't care  
You know I'm gonna find a way

To let you have your way with me  
You know I?m gonna find a way  
To let you have your way with me  
You know I?m gonna find a time  
To catch your hand and make you stay  
I don?t care what clothes you wear  
It?s time to love and I don?t care  
You know I?m gonna find a way  
To let you have your way with me  
And if I was running  
And if I was crying  
And if I was scared  
You know I?m gonna find a way  
To let you have your way with me
