Lightweight

Galavant

I was running from the night sky
I was tryna find the day light
I keep running towards the moon
But then you became a flashlight
Breath you in and I ...
YouÂ´re in my system, in my lungs
YouÂ´re my heart rhytms, youÂ´re my blood
The taste of you I...
... sunshine, lalala lightweight
lalala lightweight
... lalala lightweight.
I was stuck in the divosion
I was moving in slowmotion
I was running towards the moon
When he touch me I hear sirens
Cause with you I got no tolerance
gets me under the influence
YouÂ´re in my system, youÂ´re in my lungs
YouÂ´re my heart rhytms, youÂ´re my blood
The taste of you I...
... sunshine, lalala lightweight
lalala lightweight
... lalala lightweight
No, No, yeah
yeah, yeah
YouÂ´re in my system, youÂ´re in my lungs
YouÂ´re my heart rhytms, youÂ´re my blood
The taste of you I ...
... sunshine, lalala lightweight
lalala lightweight
yeah
lalala lightweigt
... sunshine, lalala lightweight
