

I'm Your Torpedo

Eagles of Death Metal

Dog's on the loose tryin' to call my name
You let the tongue of the monkey, gonna lick your brain
Move it to the left, shake it to the right
Make some room for your daddy
'Cause we gonna make a landing tonight Scratch like a cat and bark like a bitch
To let me know that you're mine, you're mine, you're mine
Scratch like a cat and bark like a bitch Well, I don't care what the people say
They don't know what they missin'
Off with your head, off with the light
Give peace to man and a light and I guess it's goodnight Scratch like a cat and bark like a bitch
Then I guess it's goodnight
Scratch like a cat and bark like a bitch
