

# Lowside of the Road

Tom Waits

I'm on a black elevator goin' down  
Little Joe from Kokomo, it rattles to the ground  
The dice is laughin' at the man that it throwed  
I'm rollin' over to the lowside of the road The moon is red and you're dancin' real slow  
Twenty-nine miles left to go  
The chain monkeys help you with your load  
I'm rollin' over to the lowside of the road Jezebel is naked with an axe  
The prosecution tells you to relax  
Your head feels like it's ready to explode  
And you're rollin' over, you're rollin' over Well, the clapper has been ripped out of the bell  
The flapper has been kicked right out of hell  
When the horse whips the man that he rode  
You're rollin' over to the lowside of the road
