

Infra-Red

Placebo

One last thing before I shuffle off the planet
And I will be the one to make you crawl
So I came down to wish you an unhappy birthday
Someone call the ambulance, theres gonna be an accidentIm coming up on infra-red
There is no running that can hide you know
'Cause I can see in the darkIm coming up on infra-red
Forget your running, I will find you nowOne more thing before we start the final face off
I will be the one to watch you fall
So I came down to crash and burn your beggars banquet
Someone call the ambulance, theres gonna be an accidentIm coming up on infra-red
There is no running that can hide you know
'Cause I can see in the darkIm coming up on infra-red
Forget your running, I will find you know[Incomprehensible]Someone call the ambulance, theres gonna be an
accidentIm coming up on infra-red
There is no running that can hide you know
'Cause I can see in the darkIm coming up on infra-red
Forget your running, I will find you know
'Cause I can see in the darkIm coming up on infra-red
There is no running that can hide you
'Cause I can see in the darkIm coming up on infra-red
Forget your running, I will find you
I'll find you, I'll find you
