

Fatty Fatty

The Heptones

I need a fat girl, fat girl
(fat girl tonight)
I need a very, very fat girl
(fat girl tonight)
I'm in the mood, the mood
(I'm in the mood)
I need some food, some food
(I need some food)
I'm feeling rude, so rude
(I'm feeling rude)

I say now, when you feel it girl
You gonna say it's (so nice)
I say now, when you feel it girl
You gonna say it's (so nice)
I know that you want, girl you want
(want it tonight)
And you gonna do, you gonna get a lot of it
(get it tonight)
Get it galore, galore, galore
(get it galore)
Till you won't want no more, no more, no more
(want no more)
And that's for sure, I know for sure
(that's for sure)
See the girl, see the girl
(in there)
See the girl, see the girl
(in there)

I need a fat girl, fat girl
(fat girl tonight)
I need a fat girl, fat girl
(fat girl tonight)
I'm in the mood, the mood
(I'm in the mood)
I need some food, some food
(I need some food)
And I'm feeling rude, so rude

(I'm feeling rude)

I say now, when you feel it girl

You gonna say it's (so nice)

I say now, when you feel it girl

You gonna say it's (so nice)

Get it galore, galore, galore

(get it galore)

Till you won't want no more, no, no, no, girl

(want no more)

You won't want no more, no more, no more

(want no more)

I say now, when you feel it girl

You gonna say it's (so nice)

I say now, when you feel it girl

You gonna say it's (so nice)

See the girl, see the girl

(in there)

See the girl, see the girl, in the girl

(in there)

See the girl, in the girl, see the girl

(in there)
