

# Through The Dark

## One Direction

You tell me that you're sad and lost your way  
You tell me that your tears are here to stay  
But I know you're only hiding  
And I just wanna see you You tell me that you're hurt and you're in pain  
And I can see your head is held in shame,  
But I just wanna see you smile again  
See you smile again But don't burn out  
Even if you scream and shout  
It'll come back to you  
And I'll be here for you Oh I will carry you over  
Fire and water for your love  
And I will hold you closer  
Hope your heart is strong enough  
When the night is coming down on you  
We will find a way through the dark I wish that I could take you to the stars  
I'd never let you fall and break your heart  
And if you wanna cry or fall apart  
I'll be there to hold you You tell me that you hurt, it's all in vain  
But I can see your heart can love again  
And I remember you laughing  
So let's just laugh again But don't burn out  
Even if you scream and shout  
It'll come back to you, back to you Oh I will carry you over  
Fire and water for your love  
And I will hold you closer  
Hope your heart is strong enough  
When the night is coming down on you  
We will find a way through the dark And you don't need  
You don't need to worry  
And you will see it's easy to be loved  
I know you wanna be loved Oh I will carry you over  
Fire and water for your love Oh I will carry you over  
Fire and water for your love  
And I will hold you closer  
Hope your heart is strong enough  
When the night is coming down on you  
We will find a way through the dark Oh I will carry you over  
Fire and water for your love  
And I will hold you closer

Hope your heart is strong enough  
When the night is coming down  
We will find a way through the dark
