Down Together

The Refreshments

We could write our names here in the mud
No one's around to see them
We could hang our shoes right here in a tree
No one's around to steal themI could give you a star
You could give me one too
That way we'd be even
And I could sing this song way out of tuneAnd not care a bit about it
We could both wear cowboy hats
And pretend to speak Italian
Well I could eat some gumAnd make my breath so minty fresh
To kiss you
Your breath will smell like wine
I like that a lotEspecially when I kiss you
And I could hit my funny bone really hard
And you could call me sweetheartAnd who ever said there's nothing new under the sun
Never thought much about individuals
But he's dead anywaysSo lets go down together
Down together
Down together
Together
Lets go down together
Down together
Down together
TogetherWe could all wear ripped up clothes
And pretend that we're Dead Hot Workshop
I could drive long long way
And not even have the gas to make it
We could chase our shadows around
Till we're both exhausted
I could forget the words just one more time
And hope that none of you noticesAnd who ever said there's nothing new under the sun
Never thought much about meWhat's good for you is good for me
And what's bad for you is bad for me
What's good for you is good for me
And what's bad for you is bad for meCars break and people break down and other things break down too
So lets go down together
Down together
Down together
Together

Lets go down together
Down together
Down together
Together
