

# Like my very own blood

## Tiger Lou

I promise you better things from now on  
I'm gonna love you like my own son  
no more then me that you use to meet out here  
at night I swear, I swear I'm gonna love you like my very own son  
like my very own blood  
I swear  
I'm gonna love you like my very own son  
like my very own blood  
I swear  
I will love you right there  
sometimes I fear these hands of mine  
let us never mention this again I'm gonna love you like my very own son  
like my very own blood  
I swear  
I'm gonna love you like my very own son  
like my very own blood  
I swear  
I'm gonna love you like my very own son  
like my very own blood  
I swear  
I'm gonna love you like my very own son  
like my very own blood I swear  
I'm gonna love you like my very own son  
like my very own blood  
I swear  
I'm gonna love you like my very own son  
like my very own blood  
I swear  
and I'm gonna love you like my very own son  
like my very own blood
