White Punks On Dope

Motley Crue

Teenage had a race for the nighttime
Spent my cash on every high I could find
Wasted time in every school in LA
Gettin' loose, I didn't care what the kids say
We're white punks on dope
Mom and dad moved to Hollywood
Hang myself when I get enough rope
Can't clean up though I know I should
White punks on dope, white punks on dope
White punks on dope, white punks on dope
Other dudes are livin' in the ghetto
Born in Pacific Heights, don't seem much betto
We're white punks on dope
Mom and dad live in Hollywood
Hang myself when I get enough rope
Can't clean up though I know I should
White punks on dope, white punks on dope
White punks on dope, white punks on dope
White punks dope, white punks on dope
I go crazy 'cause my folks are so fuckin' rich
Have to score when I get that rich white punk itch
Sounds real classy, livin' in a chateau
So lonely, all the other kids will never know
We're white punks on dope
Mom and dad live in Hollywood
Hang myself when I get enough rope
Can't clean up though I know I should
White punks on dope, white punks on dope
White punks on dope, white punks on dope
White punks on dope, white punks on dope
White punks on dope, white punks on dope
White punks on dope, white punks on dope
White punks on dope, white punks on dope
White punks on dope, white punks on dope
White punks on dope, white punks on dope
