Young Parisians

The Safe Distance

Young Parisians are so French
They love Patty Smith
Young Parisians are so French
At the Champs-ElyseesI wanna go to Paris with you
Just to see what the French boys do
Why don't you come to Paris with me
And see the young Parisians?Young Parisians are so French
They sit on the metro
Young Parisians are so French
Not like me and youI wanna go to Paris with you
Just to see what the French boys do
Why don't you come to Paris with me?
And see the young ParisiansI wanna go to Paris with you
Just to see what the French boys do to you
Why don't you come to Paris with me
And see the young Parisians?Young Parisians are so French
Theyre always called Du Bois
Young Parisians are so French
Talk nothing but FrenchI wanna go to Paris with you
Just to see what the French boys do
Why don't you come to Paris with me
And see the young Parisians?They're so French
They're so French
They're so French
Are you?
