

# Fortune Soul (Sacred Remix)

**Blackmill**

The other side  
Take it to the low So he can see  
The man in disguise  
So he can see  
The big surprise So he knows he's got to find  
Gotta find some peace of mind  
And he knows  
He's the fortune soul So they can see  
The strings that lie  
So they can see  
The wasted lives
