Checking In (Live At the Basement)

The Superjesus

I'm at the end and
Ghost in my sight
The likes of who can take me through
And deliver me tonight
I'll drink the water
I'll waste the trail
But most of all I'll face the wall
When I learn to tell the taleI'll drink the water
I'll drink the water
And we are
And the way we've come so far
And I've seen
How you waste your time on meI'll waste the farewell
I'm forced to say
The poisoning that makes you sain
Was coming back my way
I'm in the dust of
Someone to sell
No matter how you treat me now
I've got nothing left to tellI'll drink the water
I'll drink the water
And we are
And the way we've come so far
And I've seen
How you waste your time on me
Waste your time on meI'm in the dust of, I'm in the dust of
I'm in the dust of, I'm in the dust of
I'm in, I'm in, I'm in, I'm in
I'm in the dust of, I'm in the dust ofI'll drink the water
I'll drink the water
And we are
And the way we've come so far
And I've seen
How you waste your time on me
Waste your time on me
When you waste your time on me...Shes alone and she's checking in sane room...
