Real Man

Melodie MC

I want the house
(What, yeah)
I want the ice
(What, yeah)
I want the dough
(Yeah, yeah)
Just let it flow
(C'mon, c'mon, c'mon)
I want the Benz
(What, yeah)
I want the Jeep
(Yeah)
I want the minks
(Yeah)
So what you think?
(What, yeah)
You say you lookin' for a real man
(What, what)
A brotha tryin', doin' all he can
(And, so what?)
And so I work all night and day
(What, yeah)
But then I gotta listen to you say
Boo, we don't ever go nowhere
Don't pay to fix my hair
I need a baller in my world
(Say you need a baller in your world)
If I want someone to pay my bills
I got to keep it real
I'm a high class kind of girl
(See you wouldn't know a real man baby)
You won't know a real man
If he stared you in the face
Say you wanna try to keep it real
Girl, I know the deal
You won't know a real man
You say you're lookin' for a money man
(I want the dough)
A bank account full of Benjamins

(I want the Benz)
You ain't got a penny to your name
(I want the minks)
But still I gotta listen to you say
I want a man with lots of cash
[Incomprehensible] and bubble baths
I need a baller in my world
(Say you need a baller in your world)
If I wanna spend some of your ends

And drive your brand new Benz
(You wanna drive my Benz)
I'm a high class kind of girl
(See you wouldn't know a real man baby)
You won't know a real man
If he stared you in the face
Say you wanna try to keep it real
Girl, I know the deal
You won't know a real man
I want the house
(What, yeah)
I want the ice
(What, yeah)
I want the dough
(Yeah, yeah)
Just let it flow
(C'mon, c'mon, c'mon)
I want the Benz
(What, yeah)
I want the Jeep
(Yeah)
I want the minks
(Yeah)
So what you think?
(What, yeah)
Boo, we don't ever go nowhere
Don't pay to fix my hair
I need a baller in my world
(Do you need a baller in your world?)
If I want someone to pay my bills
I got to keep it real
I'm a high class kind of girl
(See you wouldn't know a real man baby)
You won't know a real man
If he stared you in the face

Say, you wanna try to keep it real
Girl, I know the deal
You won't know a real man
You won't know a real man
If he stared you in the face
Say, you wanna try to keep it real
Girl, I know the deal
You won't know a real man
You won't know a real man
If he stared you in the face
Say, you wanna try to keep it real
