

In My Mind

[Jonny Polonsky](#)

Every time I'm alone
I always get to thinking
I drive myself insane
I'm all wound in my home
And feeling on the brinkin'
Now I can only saychorus
That the way I feel tonight
I'm alone and everything is frightening
Cuz I know when you're in my heart you're in my mind
Maybe when everything is settled down and borrowed
Time is repaid in full
I can sleep with a mind
Devoid of pain and sorrow
Now I can only saychorus
And I know if I'm ever coming by
I don't know if you're ever coming by
And I know if I'm ever coming by
I don't know if you're ever
