Liberation For...

Amen

We want your liberation
We watch your TV screensWe want your generations to bring down all they've seen
We put our LIPS ON so cleanWe kiss ourselves OFF so cleanWe want your liberationWe want your death donation
Liberation, Liberation, Liberation, LiberationShut up! Stand up! Settled? Obscene
Liberation for the...Now sell out
Liberation for the...unsettled!!!
Liberation for... the unsettled.Liberation for the...unseen!!!
Why do we kiss each other???When We Got Knives In Our Hands!!!
