

Name Dropper

Homer Banks

She only likes big parties with folks of social fame
She knows them all the big and small even calls them by first names
But there's no place for me in that world where she spends all her time
She's just a name dropper and now she's droppin' mineBut there was a time when her love was mine and she
was proud
To be just my wife and a simple life and her whole world was me
But beer just ain't the same after you tasted imported wine
She's just a name dropper and now she's droppin' mineBut there was a time, she's just a name dropper
And now she's droppin' mine she's droppin' mine
