

Virus

Duran Duran

I am the virus, I am a siren in the rain
I am a courier, bring the spiral into your brain
Alter connections, encoding now, initial sequence is loading down
Into the BIOS, into the BIOS, into the BIOS
When I interface, difference erase
Nothing will remain, everything will change forever.
Viral subdivide, target and align
The message will survive, everything will change forever
Boo, hoo, haa, haa
I am the virus, I lay a coil around your spine
I bring the silence, I am protection for your mind
Alter connections, encoding now, initial sequence is loading down
Into the BIOS, into the BIOS, into the BIOS
When I interface, difference erase
Nothing will remain, everything will change forever
Viral subdivide, target and align
The message will survive, everything will change forever
Boo, hoo, haa, haa
