

Deafening Silence

Arkan

I know who you are
I know who you are not
I know who you are
I know who you are not
The silence is deafening to my ears
How could the obvious be ignored
The silence is threatening then she
appears
The ceremony is performed
I'm here to paint you with my tears
Decried my spirit over my fears
I can't walk way from all the years
Serene and sad, she disappears
Hands of my mind
My thoughts trembling
The hands of time
Time always meddling
The silence is deafening to my ears
How could the obvious be ignored
The silence is threatening then she
appears
The ceremony is performed
I'm here to paint you with my tears
Decried my spirit over my fears
I can't walk way from all the years

Serene and sad, she disappears
Night-lights are for children
Mornings for adults
Non-egalitarian equinox
The hands of my mind
My thoughts trembling
The hands of time
Time always meddling
Silence is deafening to my ears
How could the obvious be ignored
The silence is threatening then she
appears
The ceremony will always be

performed

The silence is deafening to my ears
Seized by the impressions of passers in the night
I'm here to paint you with my tears
Decried my spirit over my fears
I can't walk way from all the years
Serene and sad, she disappears
I'm here to paint you with my tears
Decried my spirit over my fears
I can't walk way from all the years
Serene and sad, she resappears
I know who you are
