You Got No Right

Jordan Hill

Jeff Pescetto, Dane DeViller, Sean HoseinI'm here to tell you, you've gone too far
So tell me baby who you think you are
I stood here waitin', only to be stood up by you, by youDon't try my patience, don't lie again
Don't think that I don't know just where you been
Say you been workin' but all I smell on you is perfumeDon't waste your time
With your lines
They don't work on me no moreYou got no right
To let me down this way
You got no right
To break my heart again
You got no reason to be leavin'
I ain't gonna ask you to stay
You got no right to treat me this wayYou had your chance to keep me by your side
You tried to love me on the slip and slide
Sooner or later your lies are gonna catch up with you, with youDon't waste your time
Tryin' to find
One more way to change my mindYou got no right
To let me down this way
You got no right
To break my heart again
You got no reason to be leavin'
I ain't gonna ask you to stay
You got no right to treat me this wayDon't waste your time
With your lines
They don't work on me no more1995 Jeff Pescetto Music, BMI., On Board Music, BMI.
