

Dreamtime

Coal Chamber

something in my mind keeps me satisfied
shoved aside, pushed to the wayside
if you lead, i will follow you
vague memories in my mind they hide
shoved aside to get thrown by the wayside
if you lead, i will follow you
dreamtime comes quick when broken
keep me satisfied so help me
so long i prayed for dreamtime, so help me
and it's inside of you my friend
who'll save me, who will?
it's all inside of you, dreamtime
