Dreamtime

Coal Chamber

something in my mind keeps me satisfied shoved aside, pushed to the wayside if you lead, i will follow you vague memories in my mind they hide shoved aside to get thrown by the wayside if you lead, i will follow you dreamtime comes quick when broken keep me satisfied so help me so long i prayed for dreamtime, so help me and it's inside of you my friend who'll save me, who will? it's all inside of you, dreamtime
