

# The Rain Song

## Korouva

I don't think about us much anymore  
Frankly, the topic has become a bore  
And you don't come up much in my conversations  
And I don't think about you on vacation  
    But when it rains  
        When it rains  
        When it rains  
    That's when I remember  
        That's when I remember  
        When I remember you  
        I remember you  
    I don't think about us when I'm sleepin'  
        It doesn't even cross my dreamlike mind  
    I don't think I see your face through the curtains  
        Hell, I don't even miss you half the time  
        Oh, but when it rains  
            When it rains  
            When it rains  
        That's when I remember  
        That's when I remember  
        When I remember you  
        I remember you  
    Rain, rain go away I'm doing fine  
        As long as you stay  
    Locked up inside a cloud of gray  
        Rain, rain  
        Rain, rain, rain  
        Rain, rain, rain  
        Rain  
        When it rains  
        When it rains  
        When it rains  
    That's when I remember  
    That's when I remember  
    When I remember you  
        I remember you  
    Oh, that's when I remember  
        The only time I remember  
        Yaa, I remember you

Oh oh
