

Natural Soul Brother

Danny White

Put your hands together to the groove of the funky beat
You chicks and fellaâ€™s dig the sound of a soul feast
Like a soul picnic
The old fashioned way
I would turn them green and candy â€™em and dancing to the break of days

Now if you want a lot of action
I gotta see your satisfaction
Gotta be a winner
And a go getter
Gotta be a natural soul brother
A natural soul sister
A natural soul brother
A natural soul sister

It takes a lot of man clapping
To get you in the groove
And when that feeling snapped you
Spirit makes you move
Iâ€™ve got, Iâ€™ve got that feeling
Moving in my bone
Today weâ€™re going to see it through, if it takes all night long

Now if you want a lot of action
I gotta see your satisfaction
Gotta be a winner
And a go getter
Gotta be a natural soul brother
A natural soul sister
A natural soul brother
A natural soul sister

Soul sister
Make it right
With a groove it canâ€™t go wrong
Iâ€™m talking about the poor life
Thatâ€™s my kinda carry on
I dig soul silent in the soul people I meet
Crazy 'bout the soul stealer and the soul food is all I eat

Now if you want a lot of action
I gotta see your satisfaction
Gotta be a winner
And a go getter
Gotta be a natural soul brother
A natural soul sister
A natural soul brother
A natural soul sister
