In My Ear

Toad The Wet Sprocket

Didn't know, they were a part of it I can't tell
It would seem, there's a lot that I don't knowBut here I am and I'm standing with the perfect view
I could not go far enough away from you
I've seen it all before and know it's only wordsHello, I can't hear it's in my ear
Hello, helloNever meant half of the things that I've said to you
So you know there's a half that might be trueAnd here I am and I'm standing with the perfect view
I could not pull far enough away from you
Seen it all before I know it's only wordsHello, have you heard a single word
Hello, helloStanding with the perfect view
I could not pull far enough away from you
Seen it all before I know it's only wordsHello, I can't hear it's in my ear
Hello, hello
Hello, have you heard a single word
Hello, hello
