These Worries

Kid Cudi

[Kid Cudi]
Yeah the crazy the wizard
so much whiskey all in my liver
I really like the punch it delivers
makes me warm while I high five sinners
all alone trying to hide from the shadows
ainâ€™t no use, it seems everywhere they follow
they know where I be at, in my mind tryna get me

[Mary J Blige]
These worries are heavy, they rest on my shoulders
my body wonâ€™t let me fall victim no more
these worries are heavy, they rest on my shoulders
my body wonâ€™t let me fall victim no more

[Kid Cudi]
Life is like that, beat me up and Iâ€™ll fight right back
poof poof be gone, I see the devil linger on,
yeaaa stuck in my hell, writing my mom and I ainâ€™t doing so well,
lord let me in, I feel like heâ€™s my only friend

Yeah, the rage of the menace
hate me now then hate me when Iâ€™m winning
work so hard to not go insane, itâ€™s a full time job to not lose my faith
okay Iâ€™ve been here before, alone for the upteenth time or more
Iâ€™m tired of mufuckas sayin that they worry about me
when in fact they probably never gave fuck about me

[Mary J Blige]
These worries are heavy, they rest on my shoulders
my body wonâ€™t let me fall victim no more
these worries are heavy, they rest on my shoulders
my body wonâ€™t let me fall victim no more

[Kid Cudi]
Yeah life is like that, beat me up and Iâ€™m fighting right back
poof poof be gone, I see the devil linger on, yeah I wanna win,
as long as I can do the work within, lord help me in, I feel like its my only friend.

[Mary J Blige]

These worries are heavy, they rest on my shoulders
my body wonâ€™t let me fall victim no more
these worries are heavy, they rest on my shoulders
my body wonâ€™t let me fall victim no more

Yeah, the rage of the menace..
