

# Sad Song

[Lenka](#)

Don't tell me you wanna be  
The kind of girl who's drowning  
And don't go holding on to anything  
That's gonna keep you frowning, darling  
Everyone's compelled to look into the mirror  
When they're crying  
Just because your tears are pretty  
Doesn't mean they'll get you by  
Sing me a sad song and make me feel better  
Sing me a happy song and I might start to cry  
Because everything feels like it's going around in circles  
And everyone knows that the world is upside down  
You were once a little baby  
Full of optimistic wonder  
So what got into you to make you think  
That it could pull you under, honey  
Could it be that we were under  
The impression life was perfect?  
And when the bubble burst  
We understood that every part of it hurts  
Sing me a sad song and make me feel better  
Sing me a happy song and I might start to cry  
Because everything feels like it's going around in circles  
And everyone knows that the world is upside down  
I'm going to color my glasses rose  
And I'm going to follow where the rainbow goes  
And my pot of gold will be waiting  
So sing me a sad song and make me feel better  
Sing me a happy song and I might start to cry  
Because everything feels like it's going around in circles  
And everyone knows that the world is upside down  
Yeah, everyone knows that the world is upside down
