

# Women Got My Money

## Rusted Root

Come, pay the body  
Come, pay the body  
Come and make the body pay  
Me, I'm lookin' for an old pickup truck  
One that won't leave me stranded a lot  
Just to have that old point of view of you  
Women got my money  
Come on, leave your island, girl  
Come, pay the body  
Come, pay the body  
Come and pay the body

Well, hold on, don't go  
Our reason has yet to unfold  
Let's take on a little time  
To loosen my weary mind  
Women got my money  
Come on and leave your island, girl  
Me, I'm lookin' for an old pickup truck  
Women got my money  
Come on and leave your island, girl
