

# I Just Got Paid (feat. E-40 & TK Kravitz)

## Kirko Bangz

[Hook: TK Kravitz]

I just got paid, yeah

Got a whole lot of money over hustle

Cause I grind everyday, yeah

Now it's time to get paid, yeah[Verse 1: Kirko Bangz]

Whether hitting a nigga pimping or strip with a bitch

Whether you working 9 to 5 or you get benefits

Ain't nothing like that new money to get you motivated

I ain't no form of them, I crops selling, cultivated

That shit feel like heaven when deposit drop

But if the shit hit late, a nigga heart stop

My hustle's 24/7, boy, you part time

Fuck that pussy, I gotta hustle, I don't want none[Hook: TK Kravitz]

I just got paid, yeah

Got a whole lot of money over hustle

Cause I grind everyday, yeah

Now it's time to get paid, yeah

I just got paid, my nigga got paid

Sit back, got money in the safe

I'm paid, I just got paid

Young nigga got paid, yeah yeah yeah[Verse 2: E-40]

Got a ma, I made it t-shirt on, winning

My diamond medallion look like it got a battery pack up in it

Getting paper is the richer route

I just got paid, just got a bag, just got my issue

Pussy I'm up for a rainy night

That's what my uncle said, I said fly a kite

I don't know when they gon' come and get me so I'm balling

Baby mama ain't finna spend my money with the next nigga while I'm in a coffin

So I'mma live it up to the utmost

Celebrate, make a toast

Live everyday like there ain't another day, won't hesitate

Keeping it lit like a birthday cake, me and my partners, we medicate

Moving a block like Tetris

Whenever I do something, I gotta do it big like Texas

Candy paint, chop' blade

That's how you know a player paid[Hook: TK Kravitz]

I just got paid, yeah

Got a whole lot of money over hustle

Cause I grind everyday, yeah  
Now it's time to get paid, yeah  
I just got paid, my nigga got paid  
Sit back, got money in the safe  
I'm paid, I just got paid  
Young nigga got paid, yeah yeah yeah[Verse 3: Kirko Bangz]  
Feeling like I just hit the lottery  
I'm done being humble, fuck all the modesty  
I ain't worried 'bout your chickens, that's how I gotta be  
I be a fool if she get a cheque outta me  
Just got paid, buy the whole thing  
Today I'm feeling Tidal, that's a Hov thing  
I hate to pull it on London, on my old thing  
But I'm going nope, nope, with these 4 chains  
New phone, bitch who is you?  
Just got paid, now they miss you  
She asked me did I hit her best friend last week  
Call that nigga winter fresh cause I'm in too  
Been working all week but I'm paid now  
3 stacks make 'em girls say hey ya  
I told my nigga all week, I want that take off  
But now I'm walking on green like I play golf[Hook: TK Kravitz]  
I just got paid, yeah  
Got a whole lot of money over hustle  
Cause I grind everyday, yeah  
Now it's time to get paid, yeah  
I just got paid, my nigga got paid  
Sit back, got money in the safe  
I'm paid, I just got paid  
Young nigga got paid, yeah yeah yeah  
I just got paid, yeah  
Got a whole lot of money over hustle  
Cause I grind everyday, yeah  
Now it's time to get paid, yeah
