If This Is Love

Trummer

Tell me baby in the night do you think of me?
When you open up your eyes am I there?
Are you standing by my window when I'm asleep
Why you quiet when you know that I'm near?
You know I love you, you thought I would leave you
But baby I've got you still
You think you want to be by yourself don't you?
But baby you never will
If this is love then I don't wanna know what is
I won't say another word
If this is love then I'm about to hit or miss
We're both going to get hurt if this is love
If this is love, yeah
Are you picturing me lying across your bed?
Are you thinking you were wrong to hurt me?
I forgive you, I'll forget everything you said
You will love and you will not desert me
You think I'm crazy, I'm not, I'm your baby
I promise I'll always be
You think eventually this too will pass
But I promise I'll never leave
If this is love then I don't wanna know what is
I won't say another word
If this is love then I'm about to hit or miss
We're both going to get hurt if this is love
If this is love, if this is love
Baby, baby if this is love
I don't know what I'm gonna do
Baby, baby if this love
I will not accept it and will not
If this is love then I don't wanna know what is
I won't say another word
If this is love then I'm about to hit or miss
We're both going to get hurt
If this is love then I don't wanna know what is
I won't say another word
If this is love then I'm about to hit or miss
We're both going to get hurt if this is love
If this is love, if this is love, yeah
