

Escapee (Voltaire Twins remix)

Architecture in Helsinki

This escapee was never gonna stay
On an unfamiliar building on the rooftop where we lay
Where all the constellations shine to pave the way
Temptation's not a word until we've let it go a stray
And I won't delete it
He won't delete it Light bolts hover over you all day
Oh darkness can be difficult like needles in the hay
I need to flick the switch and show you how to hide
And love is not the answer if you're taking me for a ride This escapee was never gonna stay
On an island way too difficult to be stuck in a daze
And all the competition's overcome what may
Temptation's not a word until we've let it go a stray
And I won't delete it
He won't delete it I'm escaping
You're escaping
