Walk On

[G. Love](#)

(Shake it, shake it, shake it, shake it)
Girl was the type you have dreams about on Sunday afternoon
The kinda girl you see stopping traffic down town on a sunny day in June
It wouldn't be right if I didn't pull up to tell her she looked good
Hey ma you know that your looking kinda fine, maybe you and I should?Hook up, go out, a few drinks, get down
You know we could have a lot of fun tonight
Come out with me, be straight, don't play, it's alright
Just say, I ain't getting down with another man's girl
So baby please[Chorus]
If you got a man don't lead me on
If you got a man don't crowd my phone
If you got a man and say you don't
Find somebody else, walk on
If you got a man don't lead me on
If you got a man don't crowd my phone
If you got a man and say you don't
Find somebody else, walk onTo my surprise you was fast to say your kinda cute
She got into my ride, I put it in drive and said, "I'm gonna take care of you"
She was free for the night with nothing to do even said the time and place
Almost felt too good to be true when I heard my girl sayHook up, go out, a few drinks, get down
You know we could have a lot of fun tonight
Come out with me, be straight
Don't play, it's alright
Just say, I ain't getting down with another mans girl
So baby please[Chorus]Walk on, just pick up yourself and baby
Walk on, no time for your games so baby
Walk on, put on your shoes and baby
Walk on, if you think your gonna play me
Walk on, just pick up yourself and baby
Walk on, no time for your games so baby
Walk on, put on your shoes and baby
Walk on, if you think your gonna play me[Chorus: x2]If you got a man don't lead me on
If you got a man don't crowd my phone
If you got a man and say you don't
Find somebody else walk on
If you got a man don't lead me on
If you got a man don't crowd my phone
If you got a man and say you don't

Find somebody else walk on(Shake it, shake it)
(Shake it, shake it)
(Shake it, shake it)
