

# Compromise

## Aphasia

I forget  
The taste of  
The smell on your skin  
And I never dreamed  
That I'd see you again Love or dreams?  
I can't decide  
There's nothing more for me to say  
I wish I never had to compromise We'll fade away together  
Fade away together I ache to hear your whisper  
As my lips let out a lonesome sigh  
For you  
When I come back to you we lay  
Rediscovering the days when we first found out  
That we fit together perfectly Love or dreams?  
I can't decide  
There's nothing more for me to say  
I wish I never had to compromise We'll fade away together  
Fade away together  
Cause I can't stay forever  
I can't stay forever  
We will fade, we will  
Fade away together  
Fade away together  
We will fade, somehow  
And I can't stay forever  
I can't stay forever  
We will fade  
Are you okay? Love or dreams?  
I can't decide  
I wish I never had to compromise We'll fade away together  
Fade away together  
Cause I can't stay forever  
I can't stay forever  
We will fade, we will fade  
We will fade, we will fade  
We will fade, we will...
