

# I Want My Heavy Metal

## Adam Bomb

I say I live for rock n' roll, I'll take it all  
I've got a golden ticket, and I'm rid in' in style  
I'm hopelessly addicted for sure  
And there's no damn cure

I, I, I'm gonna rock until I die  
I'll tell you why  
I'm gonna hear 'em shout  
"I want my heavy metal"  
That's what it's all about  
I want my heavy metal

It's a party in the daytime, tonight we're join' to the show  
We got our studs and chains, so some heads are gonna bang

Oh, oh, oh, it's the only way to go  
Well don't you know  
Drivin' in my car  
I want my heavy metal  
Blastin' out guitar  
I want my heavy metal

You know the only place to go is to a heavy metal show?  
Rock n' roll  
I want my heavy metal

We ain't asking' for trouble, ain't looking' to fight  
We got to feel the power on a Saturday night  
We'll rock the midnight hour, till the scenery ignites? yes

You know the only place to go  
Is to a heavy metal show  
Rock n' roll

I love my heavy metal  
Well I'm walkin' down the street  
Tellin' people yea  
I want my heavy metal  
Now I'm hearing' it across the world  
I want my heavy metal

I want my heavy metal  
I want my heavy metal
