

Face To Face

Ross Lynch

You can't stop fuckin' with my head
Stop fuckin' with my head
Don't tell me now with a smile on your face
That you're lost
Down and out
When there was nothin' left in me
You can't stop fuckin' with my head
Stop fuckin' with my head
My silence you break
The smile that you fake
(You fake)
There's not one thing that you can say to make it right
Unless you say, "I'm leavin'"
And if you're not
Then please tell me why, please tell me why, you can't
Save face
Say it to my face
Can I take all the filth in your head
All the words that you said
(That you said)
And throw it away
(Throw it out)
You can't stop fuckin' with my head
Stop fuckin' with my head
My silence you break
The smile that you take away
There's not one thing that you can say to make it right
Unless you say, "I'm leavin'"
And if you're not
Then please tell me why, please tell me why
There's not one thing that you can say to make it right
Unless you say, "I'm leavin'"
And if you're not
Then please tell me why, please tell me why you can't, say
That shit you're talkin' don't mean nothin' to me anymore
Limp dick, you fuck stick, let's settle the score
Run and hide you know I'll find you anywhere
Motherfucker, two faced prick with hell to pay
What's real is real, it's time to step up to the plate again

Swing batter-batter, swing batter-batter, swing
What's real is real, it's time to step up to the plate again
Swing batter-batter
Fucked me for the last time
Just take your swing
C'mon, you shit fucker now, swing
Just take your swing
There's not one thing that you can say to make it right
Unless you say, "I'm leavin'"
And if you're not
Then please tell me why, please tell me why
There's not one thing that you can say to make it right
Unless you say, "I'm leavin'"
And if you're not
Then please tell me why, please tell me why you can't
Swing
Just take your swing
Fuck you
Just take your swing
You can't stop fuckin' with my head
Stop fuckin' with my head
