

My Shawl

Xavier Cugat

My shawl, pretty lady, try it on you,
By my shawl, spun in magic, wishes come true.
It's glory, with the story of love dreams, old but new.
My shawl brings a romance, maybe for you. My shawl, pretty lady, try it on you,
By my shawl, spun in magic, wishes come true.
It's glory, with the story of love dreams, old but new.
My shawl brings a romance, maybe for you.
Try it on you, try it on you, my shawl
