

Shorty from Paris

Bryant Dope

I got this shorty from Paris
closet straight lavish.
She ain't got a fat ass
but to me she the baddest. Found her in Soho
a loft party dolo.
Chanel purse and Angie Von G on,
the pants off. Black MAC on the lipstick.
Vibe was straight mystic.
That accent, it got me.
We spoke in the lobbybout NY and Paris,
London and Cali.
She been around the world,
I been eyeing that body. Don't go for diamonds.
I only go for gems.
There's something bout a woman who
got her own plans. She a stylist so she bout it,
going shopping with ya mans.
And she never stress a nigga
cause she know who I am. Who I am? The man
with the plug and the plan,
who got a good mind
and is better than your man. I got this shorty from Paris
closet straight lavish.
She ain't got a fat ass
but to me she the baddest. My shorty from Paris
closet straight lavish.
She ain't got a fat ass
but to me she the baddest. Now we movin' (now we movin')
to the spot (to the spot).
Round the corner (round the corner)
up the block (up the block). Stumbled in (stumbled in)
up the stairs (up the stairs)
through the door (through the door).
Grab the hand (grab the hand). Her heels came off
the fur did too.
Now we layin' on the rug
and I'm lookin' at her view. The whole skyline
right before the sunrise
right before I went in it.

Had her sayin' my god (my god).I hope this right here lasts long.
Got a tendency to meet a good girl and move on.
I get bored type easy
but it really ain't my fault.Only 21 is for a million girls in New York.
In New York? I'm sorta like a prince low-key
and she already know that
so she fly in from Paris.I got this shorty from Paris
closet straight lavish.
She ain't got a fat ass
but to me she the baddest.My shorty from Paris
closet straight lavish.
She ain't got a fat ass
but to me she the baddest.She the baddest.
She the baddest to me.
She the baddest.
She the baddest to me.What ya'll sayin'?
She the baddest to me.
She the baddest to me.
She the baddest to me.I got this shorty from Paris
closet straight lavish.
She ain't got a fat ass
but to me she the baddest.My shorty from Paris
closet straight lavish.
She ain't got a fat ass
but to me she the baddest.She the baddest.
She the baddest.
She the baddest to me.
She the baddest.
She the baddest.
She the baddest to me.
