

# Take It Back

## The Vandals

Let's go to the place where the food is really good and my order's understood  
and they won't drown my food, yeah! Get me to the seat, I wanna eat, just a  
party of three Me! Me! Me! Yeah! What is this stupid shit? I didn't order this  
Not gonna pay for it! Take it back! (x5) Hello pretty lady, I'll only say it  
once "meat and cheese only", don't fuck it up! Here it goes again a conspiracy  
are you plotting against me? I said only meat and cheese, yeah What is this  
stupid shit? I didn't order this! Not gonna pay for it! Take it back! (x5)  
I'll say it simple, so you can understood get my food right, I am a hungry man  
You say you're sorry, not really a waitress "I'm studying to be an actress"  
Starting acting like a waitress!...Food! Do you wanna see me puke? What are  
you retarded? Pickles make me sick let's get the eating started, yeah! Here it  
goes again, I said it all along, meat and cheese only it's wrong! Wrong!  
Wrong! What is this stupid shit? I didn't order this! Not gonna pay for it!  
Take it back! (x5)
