

# Wouldn't Want It Any Other Way

**Tim McGraw**

Without me  
Maybe you'd find somebody else  
A little wiser  
With a lot more wealth  
And without you  
It's true I'd be free  
To go chasing all my dreams  
Without any stringsBut I wouldn't want it any other way  
Having you to come home to at the end of every day  
Your tender touch puts a smile back on my face  
Wouldn't want it any other wayHard times  
May never let up on us  
And maybe all we'll ever have  
Will barely be enough  
And babe you know  
How cold the wind can blow  
Love's never let us down  
When we needed it the mostAnd I wouldn't want it any other way  
Having you to come home to at the end of every day  
Your tender touch puts a smile back on my face  
Wouldn't want it any other way
