Another Me

Circles

What if I told you
There's nothing more for you
(More for you...)

Another life repeated
To find your start
You walk the line that's built on lies
It's who you are

(Chorus)
What if I told you
There's nothing more for you
Don't know who I'm supposed to be
For every one of you
There is another me

Other eyes could see it
You played your part
With the promise to disguise
The fool you are

The scene cuts through your life
(I know another way)
It frees from truth and lies
It dies...

(Chorus)
What if I told you
There's nothing more for you
Don't know who I'm supposed to be
For every one of you
There is another...

-Breakdown-

(Chorus)
What if I told you
There's nothing more for you
Don't know who I'm supposed to be
For every one of you

There is another me
