

Gun

Shades Apart

I was alone and frightened
Until you came along
I was afraid of everyone
You showed me I was wrong
You came into my life
And helped me take a stand
I feel so whole inside now
Come and take my hand
You belong to me
You can never leave
I'll show you off to my friends
You see they're so impressed
Together we must look so cool
I bet they never guessed
That I could be someone
And with you by my side
Anyone who disrespects
Has got no place to hide
Favorite toy
I am happy now
I know you're happy, too
Every guy around my neighborhood
Wishes he had you
Nobody stare at me
Don't they know who I am?
We'll take that smile right off his face
We'll take his life for fun
